TYPE:

LED Grille Panel Light 2x2

The LED Grille Panel Light (2X2) is ideal for office spaces and creates nice illumination effect. The integrated LED chips, with its enhanced grille design allows for high lumen output. With a high brightness and ample, but ambient lighting, this fixture can be used in many indoor settings. It can be ceiling mounted, recessed, or even hanging mounted. Other dimensions are available upon request.

W x L x H: 23.8" x 23.8" x 2.75"

ORDERING INFORMATION

Model	Watts	Lumen	Color Temp.	PoE Dimmable	CRI	Finish
LI-GTR22	1 - 25W	1 - 3000	1- 3000K 2- 4000K 3- 5000K	1 - Yes	1 - >80	1 - White

Features:

- Ideal for office spaces, panels supply perfect ambient lighting.
- Designed to provide even light distribution throughout a room.
- Saves up to 70% on Power consumption.
- Lasts up 5 times longer than conventional lighting.
- Lower maintenance costs as there are no globes to replace.
- Material: Aluminum Diecasting.
- Operating Temperature:-20~ + 50°C.
- UGR<17
- High transmitting acrylic lens with micro prisms for an anti-glare effect.

Electrical:

- **Input Voltage:** Poe Compatible
- **Wattage (W):** 25W
- **Lumens (L):** 3000 lm
- **Rated Life:** 50,000 hours
- **CRI:** >80
- **Damp location rated:** IP20
- **Controls:** 0-10V dimming with Poe driver
