Reindeer Ball Pendant

Description:

This Reindeer Pendant comes in two forms, the second of which is detailed below. With the golden finish and glass balls, this chandelier pendant can be used in a variety of indoor locations. The soft ambient light omitted from the fixture calls for a comfy, yet classic setting and the articulated joints allow the glass to be arranged in a multitude of ways, allowing for different experiences with each new arrangement. The glass balls bring on a more modern lighting experience and makes the setting even more stylish.
