Reindeer Tube Pendant

Description:

This Reindeer Pendant comes in two forms, the first of which is detailed below. With the golden finish and glass tubes, this chandelier pendant can be used in a variety of indoor locations. The soft ambient light omitted from the fixture calls for a comfy, yet sophisticated setting and the articulated joints allow the glass to be arranged in a multitude of ways, allowing for different experiences with each new arrangement. The glass tubes add for a more elegant lighting experience, making the setting classier.

Reindeer Tube Pendant

Dimensions:

Features:

- The pendant's glowing, glass tubes were inspired by the light's origins as a candelabra
- Made of the highest quality metal and glass that is durable and attractive - electroplated metal with thick glass
- A stunning feature piece for your contemporary spaces
- 14 glass tubes that can be adjusted to suit your needs - both stylish and functional
- Soft white glass cylinders encase the warm and ambient light source
- Contemporary in style, supremely versatile in nature
- When completely vertical, the pendant looks formal and church-like, once the angles change it becomes more whimsical.
- Takes 14 x 3W LED G9 Globe (excluded) - long lasting and super easy to replace (instruction manual included)
- Has a round canopy in their respective colors
- Looks great on its own or in a set of 2 or even 3 for super spectacular display
- Photos are of the actual product being sold
