Roma Pendant

Description:

The Roma Pendant is designed to be a modern take on a classic pendant styled chandelier. The bullicante glass diffuses the LEDs light in a homogenous way, allowing for event and ambient light distribution. The gold finish metal allows for a gilded design and brings the piece together. The adjustable suspension cables for each individual pendant allows for customizable designs. Ideal for contemporary and transitional settings, the Roma Pendant would be a wonderful addition to any lighting designer's space.
