Wicker Pendants

Description:

The Wicker Pendant Light transmits a feeling of simplicity, softness, and a touch of magic in a contemporary style. It is formed from fiberglass soaked in epoxy resin that is randomly coiled around an inflatable mold, creating a magic translucent 3D fabric. The shade is a unified piece with a small opening at the top for access to the lamp. The bulb provides ambient, illumination that is ideal for but not limited to illuminating foyers, living rooms, bedrooms, dining rooms, and lounges.
