

Somma Pendant

Description:

The somma is a pendant lamp with a diffuser made of white glossy crystal glass. The 3-fold coated crystal glass is processed by hand and mouth-blown. The light is emitted by this lamp homogeneous and glare-free. The Balance SP G is 7" inch high, 22 inch long and 18 inch wide. This pendant lamp is available in a halogen E27 version and two versions with integrated LED circuit board. The halogen E27 version can be dimmed on site and is operated with halogen lamps or LED retrofits. One LED version can be dimmed with trailing edge phase dimmers, the other is 1-10 volt dimmable. The cable can be shortened if necessary. On request, the lamp is available with decentralisation kit, which allows it to be mounted independently of the power outlet.

▪ SPECIFICATIONS:

▪ Material:

- crystal glass, metal

▪ Dimensions: L X W

- H 7" | B 18" | L 22"

▪ ELECTRICAL:

▪ Input Voltage:

- PoE
- 100-277V

▪ Wattage (W): 20W (Maximum)

▪ LED Lumens/Watt: 100 LM/W

▪ Light Source:

- E27

▪ Controls: 0-10V dimming with Poe Driver.

▪ LABELS:

- ETL conforms to UL STD 1598; Certified to CAN/CSA STD
- LED light assembly conforms to UL 2108 for remote installation.
- RoHS compliant

▪ WARRANTY:

- 5-Year Limited Warranty
