

This PoE Reindeer Pendant comes in two forms, the second of which is detailed below. With the golden finish and glass balls, this chandelier pendant can be used in a variety of indoor locations. The soft ambient light omitted from the fixture calls for a comfy yet classic setting and the articulated joints allow the glass to be arranged in a multitude of ways, allowing for different experiences with each new arrangement. The glass balls bring on a more modern lighting experience and makes the setting all the more stylish.

Our intelligent LED PoE lighting solutions accelerates digital transformation of facilities in Internet of Thing (IoT) while providing an excellent option to the lighting designers or building management companies that are seeking aesthetic pleasure with digital building solutions throughout the facilities with option of covering multiple building network. Beyond considerations of cost and efficiency.
