

These PoE Lantern Pendants offer a minimalist design with little effort. The shades offer the paper-like thinness of traditional paper lanterns and cast sufficient incandescent lighting which adds a mellow atmosphere to any area. These pendants can hang independently or in clusters to create a design tailored to the user.

Our intelligent LED PoE lighting solutions accelerates digital transformation of facilities in Internet of Thing (IoT) while providing an excellent option to the lighting designer or building management companies that are seeking aesthetic pleasure with digital building solutions throughout the facilities with option of covering multiple building network. Beyond considerations of cost and efficiency.
